Profile

Aspiring software engineer with strong foundations in Machine Learning and Web Development. Proficient in building, analyzing, and deploying data-driven solutions using Python and modern web technologies. Motivated to apply academic knowledge to real-world projects and contribute to innovative, growth-oriented teams while continuously enhancing technical expertise.

Education

- **Bachelor of Technology, GMR Institute of Technology** 2023-2027
Branch: Information Technology — CGPA: 9.1
- **Inter Sri GCSR Junior College, Rajam** 2021-2022
Stream: MPC — Percentage 92.1%

Work Experience

Python & Django Intern – Topnotch Softwares Pvt. Ltd., Visakhapatnam Jun 2025

- Developed and maintained web applications using Python and Django framework.
- Implemented user authentication, database management, and CRUD operations.

Projects

DermaVision – AI-Powered Skin Disease Detection System

- Developed an AI-powered skin disease detection system using Python, FastAPI, React.js, and EfficientNetV2.
- Integrated a deep learning model to classify skin diseases from uploaded medical images.
- Implemented image preprocessing and REST APIs for accurate real-time predictions.
- Displayed confidence score, disease information, precautions, and diet recommendations.
- Built a responsive frontend with seamless backend integration.

Smart KiranaAI |React.js, Firebase

- Developed a cloud-based shop management system using React.js, TypeScript, Firebase, and Tailwind CSS.
- Implemented inventory, billing, sales, and customer management modules.
- Integrated Firebase Authentication and Firestore for secure, real-time data management.
- Designed a multilingual and responsive interface for small retail businesses.
- Automated stock updates and improved overall shop management efficiency.

TECHNOLOGIES

- **Languages:** Java, Python, SQL(MySQL)
- **Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS
- **Backend:** FastAPI
- **Machine Learning:** TensorFlow, Keras, EfficientNet, OpenCV
- **Tools:** Git, GitHub, VS Code
- **Soft Skills:** Leadership, Communication, Adaptability

Certifications

- Certified in Python with Django Internship – Topnotch Softwares
- Introduction to Industry 4.0 and Industrial Internet of Things – NPTEL
- Coordinator – Entrepreneurship Development Cell
- Coordinator – STEPCONE 2025 & 2026 (National Fest)
- Generative AI Foundations – AWS
